GLOBAL SOLUTION

CORPORATE
profile

VISION STATEMENT

To become the partner of choice in our field, delivering world-class field solutions that drive sustainable development, operational efficiency, and long-term value for our clients

MISSION STATEMENT

To be a dependable partner, delivering quality services that drive project success in every operating environment

CORE VALUES

1

Safety:

We place safety above all else, protecting our people, clients, communities, and the environment.

Reliability:

We keep our commitments and deliver consistent, dependable services in all operating conditions.

Responsiveness:

We act quickly and decisively to meet client needs and resolve operational challenges.

Professionalism:

We operate with integrity, competence, and respect in all our engagements

Adaptability:

We tailor our solutions to site-specific, geological, and operational realities

About Us

Company Overview

LGS – Lamo Global Solutions is a **Gabonese company** strategically positioned to serve the growing needs of the drilling, oil & gas, mining, and construction industries. Headquartered in **Akanda, Estuaire**, with a branch office in **Port-Gentil**, we deliver timely and dependable services across industrial zones and remote sites nationwide.

Our strength lies in our integrated service model—combining equipment, materials, skilled manpower, and infrastructure works under one trusted partner. This approach reduces project risks, improves coordination, and enhances operational efficiency for our clients.

Why LGS

- Strong understanding of local operating environments
- Compliance with international safety and quality standards
- Flexible and responsive service delivery
- Commitment to long-term partnerships

LAMO GLOBAL SOLUTION

Operational Philosophy

SAFETY

We are committed to providing a safe and healthy work place for our employees and partners, ensuring operations are carried out in the manner that protect personnel, the environment and the host communities.

01

QUALITY

We carefully design every process to yield the highest organizational excellences and greatest client satisfaction. Quality is carefully contained in our culture and it's in the fabric of our organization.

02

COST EFFECTIVENESS

We carefully design every process to yield the highest organizational excellences and greatest client satisfaction. Quality is carefully contained in our culture and it's in the fabric of our organization.

03

LOCAL CONTENT DEVELOPMENT

Our collective corporate strategies is to systematically accelerate the transfer of technology, engineering experience, and specialized know-how from our expatriates and foreign technical partners to indigenous nationals.

04

LAMO GLOBAL SOLUTION

An offshore oil platform is shown in the foreground on the left, with a yellow metal walkway leading across the water. In the center, a flare is burning brightly, emitting a large plume of black smoke that rises into the sky. Other offshore structures are visible in the distance on the horizon. The sky is blue with some light clouds.

LAMO GLOBAL SOLUTION

Drilling Equipment Rental

LGS provides a comprehensive range of **onshore drilling equipment**, tools, and accessories designed to support efficient drilling operations.

Our rental solutions include:

- Drilling tools and accessories
- Operational support equipment
- Auxiliary field equipment
- Short-term and long-term rental options

All equipment is **maintained to high operational standards**, inspected before deployment, and supported by responsive technical assistance.

Key Benefits:

- Reduced capital expenditure
- Flexible rental terms
- Reliable field performance

The LGS logo features the letters 'LGS' in a bold, white, sans-serif font, set against a red and orange gradient background that resembles a stylized flame or a dynamic shape.

LAMO GLOBAL SOLUTION

Drilling Chemicals Supply

We supply **high-quality drilling fluid chemicals and technical additives** tailored to local geological and operational conditions.

Scope of Supply:

- Drilling fluid chemicals
- Performance-enhancing additives
- Site-specific chemical solutions

Our team works closely with operators to ensure correct product selection, efficient usage, and operational compliance.

Suggested Images:

- Chemical storage and handling
- Laboratory or testing visuals
- Chemical application in drilling operations

LAMO GLOBAL SOLUTION

VRD – Roads and Utilities Works

LGS executes **VRD (Voiries et Réseaux Divers)** projects supporting industrial and site infrastructure development.

Our VRD Capabilities:

- Earthworks and site preparation
- Drainage systems
- Sanitation and utility networks
- Industrial platform development
- Site access roads and support infrastructure

We deliver durable infrastructure solutions that meet **engineering, safety, and environmental standards**, even in remote or challenging terrains.

LAMO GLOBAL SOLUTION

Personnel Placement

LGS delivers **qualified and experienced personnel** to support drilling and field operations.

Personnel Categories:

- Drilling technicians
- Field operators
- HSE officers
- Technical support staff

We ensure that all deployed personnel are **properly vetted, trained, and compliant** with site-specific safety and operational requirements.

Value to Clients:

- Rapid mobilization
- Reduced recruitment risk

The logo for LGS (Lamo Global Solution) features the letters 'LGS' in a bold, white, sans-serif font. The letters are set against a red, stylized shape that resembles a flame or a dynamic swoosh. The background of the entire page is a faded image of a worker in a red and yellow safety suit and a white hard hat, with industrial scaffolding visible in the background.
